Forecast For Yorkshire & the Humber
Issued by Met Office Exeter
at 1600 on Thursday 08 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain, occasionally heavy overnight, Drier but colder by dawn.

This Evening and Tonight:
Cloudy this evening with outbreaks of light rain or drizzle. Rain turning heavier for a time during the early hours accompanied by gusty winds. Clear and colder conditions then developing by dawn with a local frost possible. Minimum temperature -1 deg C (30 deg F).

Friday:
A bright, cold day but with long spells of sunshine. Isolated showers may develop through the day which could turn wintry over higher parts. Frosty overnight. Maximum temperature 10 deg C (50 deg F).

Outlook for Saturday to Monday:
Staying cold over the weekend, with further wintry showers and overnight frosts. Turning milder Monday, with a strengthening breeze and a risk of showers or longer spells of rain.
